  Michael Williams for Marcel Ray Duriez, is a novel expert in publishing I am Limitless Mike the host of the Comics & Pop-Tarts Podcast in affiliation with my position as a Story Editor at Limitless Comics. I have loved writing since I was about 14, but before that, my writing took place in the form of every toy playing a part in my live-action play stories. I got into comics at an early age and more intimately now since I have grown up. I love watching movies and television, and then discussing those stories and characters with friends. I love music. I play guitar and am skilled as a vocalist. That passion led me to do some interesting projects where I did voice-over and fell in love with it, hence the podcast. I work a little every day to land a voice acting role one day working toward appearing in some of my favorite animation shows and movies. When I am not stretching my creative muscles, I am exploring the creations and worlds of gaming nerds, spending time with family, spending time with my four wonderful children, or authoring my next greatest story idea in a book I take with me everywhere I go. At the end of the day, my only goal is to tell my stories and hope that the person reading them is taking them into their life to shape themselves and make the world a better place.
